WISE
Women in Safety Excellence

Conference Schedule
March 20, 2020

7:30-8:00 Registration

8:00-8:30 Welcome!

8:30-9:30 Jaime Ingalls & Professional Panel - Path Through Safety
Jaime Ingalls, Holly Burgess, Stacey Brooks, Pam Walaski, and Judy Miller will be going into their path to safety, where they are now in careers and the milestones getting to where they are. They will be discussing the anxiety of finding employment and what each new opportunity entails in the safety field.

9:30-9:45 Break

9:45-10:30 Linda Tapp – Effective Networking
Linda Tapp, Chairperson of the ASSP Foundation, will be diving into effective networking and sharing her experiences to help others learn how to network and why it is so beneficial. She will also be speaking on how to become an influential role within all levels of employment.

10:30-11:15 Rebecca Trimpey - Building Lasting Relationships in Safety
This discussion will help young safety professionals understand the importance of building relationships within the safety industry. There will be personal insight given on how to foster relationships, how these relationships will benefit both your professional and personal growth. These connections are key to forging a rewarding, successful career and in building a network to aid you in meeting the exciting challenges ahead.

11:15-12:15 Lunch

12:15-1:00 Stacey Lucas - What Leaders Do, Determine Results
In this session, the audience will explore a few short stories to better understand the significance of building trust and organizational capability in a manner that allows other leader’s in the company to own EHS. When all leaders, especially the front-line leaders, are equipped with the knowledge and discipline to protect people, equipment, and products a business will gain many benefits beyond great EHS performance.

1:00-2:00 Younger Professional Panel
Recent graduates now in the professional workplace will be having dialogue and answering questions from attendees about anything from the transition of student to professional, leaving home, and the challenges and experiences along the way. The panel includes Amber Travis, Marissa Gray, Will Henry, Tyler Vanchure, Taylor Schechter, and Nick Coffman.

2:00-2:45 Rachel Burdette - Controlled Substances
The final presentation of the day is going to be about the use and effects of controlled substances. We will be diving into current drug trends, signs and symptoms of substance abuse, and how it affects people in the workplace.

2:45-3:00 Closing Ceremony & Door Prizes

3:00 Tour of Strain Safety Building
